The guide for every class and spec in the 2.4.3 Burning Crusade Expansion.

Having farmed The Sunwell Plateau twice a week for the past two years and clearing it on a multitude of classes and putting up high numbers, it was time we decided to put down a definitive list of what the best items in the game are for each class and spec.

If you want to play high quality End-Game content in the Burning Crusade 2.4.3 Patch, please log onto Excalibur WoW and whisper someone in the Eternal Gamers guild.

I hope you enjoy.
